APS110H1f2026 - September 11, 2026

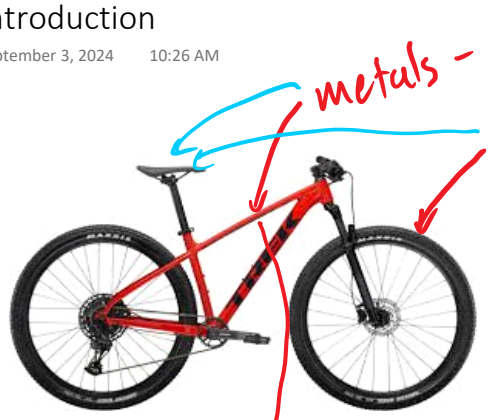

September 10, 2026 11:57 AM

Introductory Day - APS110 Engineering Chemistry and Materials Science - an Intro Chemicals and Materials

Introductory Day Again
Set of Engineers
Metals, Ceramics, Polymers - likely Monday
Periodic Tables - likely Monday

Introduction

September 3, 2024 10:26 AM

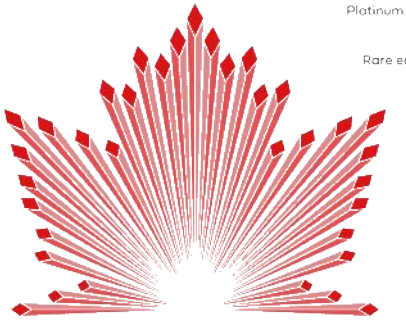

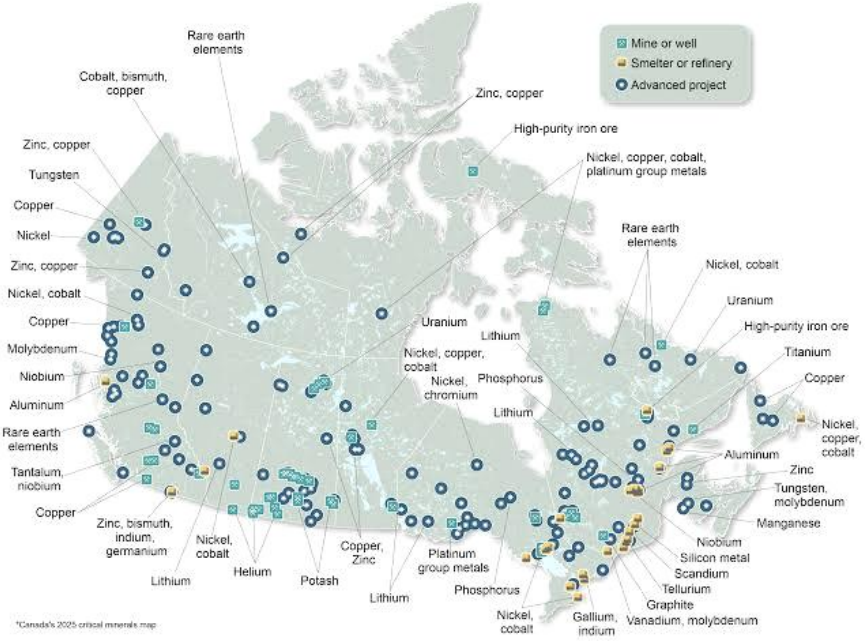

Introduction 2

September 3, 2025 9:59 AM

critical minerals

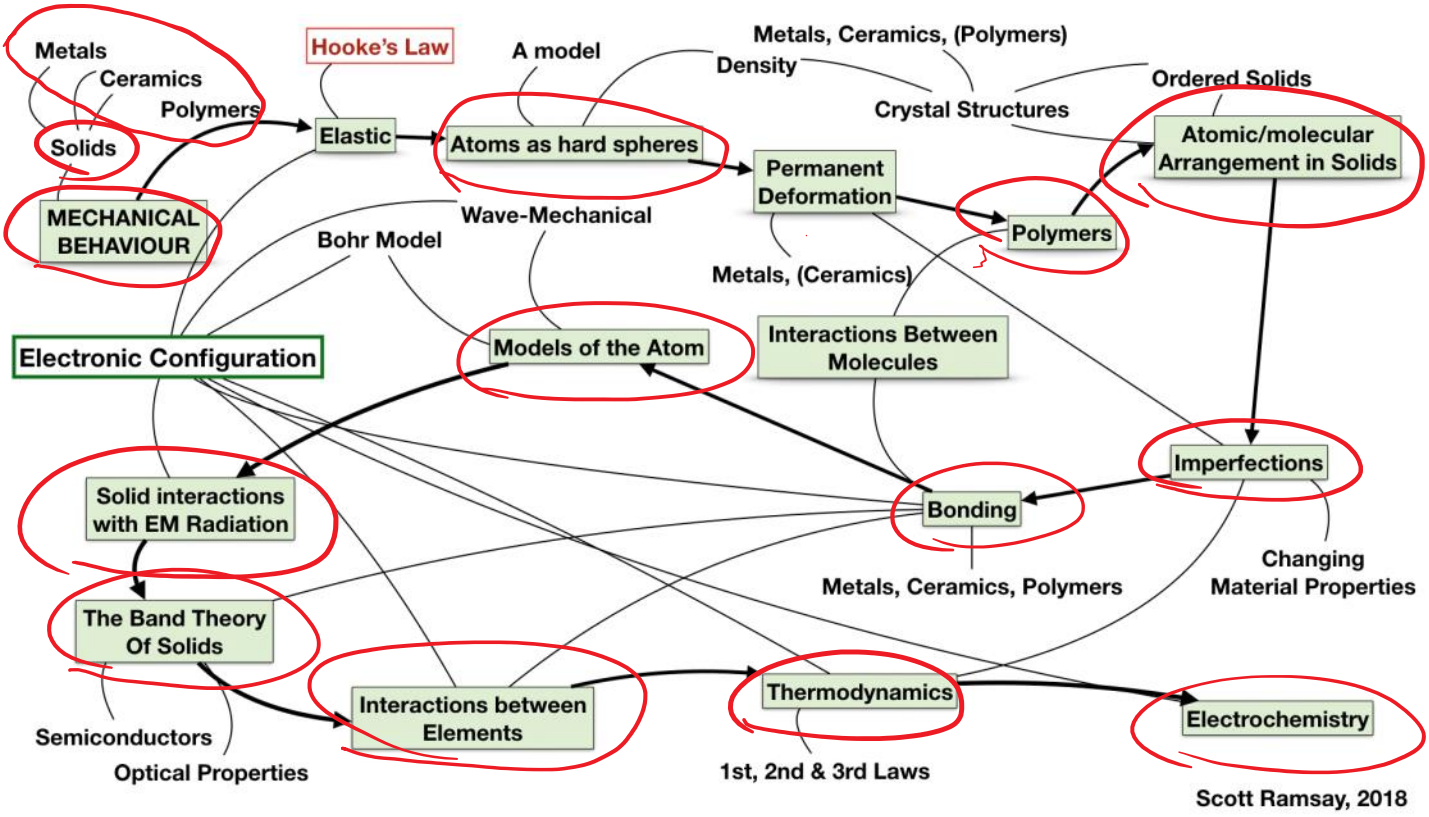

Aluminum
Antimony
Bismuth
Cesium
Chromium
Cobalt
Copper
Fluorspar
Gallium
Germanium
Graphite
Helium
High-purity iron ore
Indium
Lithium
Magnesium
Manganese
Molybdenum
Nickel
Niobium
Phosphorus
Platinum group metals
Potash
Rare earth elements
Scandium
Silicon metal
Tantalum
Tellurium
Tin
Titanium
Tungsten
Uranium
Vanadium
Zinc

Just some parts of section1 of the book - Introduction 3

September 3, 2024 11:20 AM

Set of engineers - maybe today

September 5, 2025 9:53 AM

- TrackOne
- EngSci
- Mineral Engineering
- Civil Engineering
- Chemical Engineering
- Materials Science and Engineering
- Mechanical Engineering
- Industrial Engineering
- Electrical Engineering
- Computer Engineering
